College Uniform Standards and Expectations

Dear Parents/Carers,

As always, we wish to thank all families who routinely ensure their children are fully prepared and equipped for college each day, providing them with the best possible chances of success.

Form Tutors routinely check for correct uniform during tutor time each morning and from the week commencing **Monday 4th November**, as part of our entrance to college each day, Senior Leaders, Heads of Year and Pastoral Leaders will also be checking that students are in full school uniform. Where a student arrives at school incorrectly dressed, they will be asked to correct this before entering class. This may include being provided with items of correct uniform to wear for the day.

This [link](#) will explain our processes in greater detail.

As we are now entering the winter months, we would suggest that students also wear a waterproof coat as an outer garment. Hoodies and non-uniform sweatshirts are not permitted.

We feel it is important to note, we are making no changes to our uniform policy, a copy of which is available [here](#) for your convenience.

If your child has a particular need, requiring an adjustment to the uniform policy, please contact Mrs S Fidler (SENDCo) via the following link [here](#).

Thank you once again for your continued support.

Yours sincerely

Mr P Daly
Assistant Principal
